SUMMARY

Ambitious and energetic professional with a passion for learning, problem-solving, and creating meaningful impact. Recognized for being proactive, quick to adapt, and dedicated to delivering high-quality work. I aim to join a forward-thinking organization where I can contribute my skills, grow into a stronger professional, and add value from day one.

EXPERIENCE (INTERNSHIPS)

AWS Cloud Engineer Intern (Virtual) | Oct 2025 – Dec 2025

- Worked with **AWS fundamentals including compute, storage, and networking services**
- Learned **cloud deployment models and scalable application practices**

Cloud Computing Foundations Intern (Virtual) | Apr 2025 – Jun 2025

- Built understanding of **cloud architecture, IaaS, PaaS, SaaS, and virtualization**
- Explored **real-world cloud use cases and deployment strategies**

Application Developer – Web & Mobile Intern | May 2025 – Jul 2025

- Developed responsive interfaces using **HTML, CSS, and JavaScript**
- Applied **UI/UX and application structure concepts**

PROJECTS

1. Jarvis – Voice Activated Virtual Assistant

Tech: Python, SpeechRecognition, pyttsx3, gTTS, OpenAI API

Developed a voice-controlled virtual assistant capable of performing tasks such as web browsing, music playback, and news retrieval using speech recognition and text-to-speech.

Integrated GPT-based AI to process user queries and generate intelligent, real-time responses, enhancing user interaction experience.

2. Auto-Reply AI Chatbot

Tech: Python, PyAutoGUI, Pyperclip, OpenAI API

Built an AI-Powered chatbot that analyses chat history and generates context-aware automated responses using GPT models.

Automated end-to-end chat interactions including message detection, responses generation, and auto-reply delivery using system-level automation tools

EDUCATION

2022 - 2026	B.Tech at Dr.K.V Subba Reddy Institute of Technology	(70%)
2020 - 2022	Class 12 th • Board of Intermediate Education. AP	(50%)
2020	Class 10 th • Board of Secondary Education. AP	(95.6%)

SKILLS

Languages: Python, JavaScript

Database: MySQL

Web Technologies: HTML5, CSS3, JavaScript (DOM Manipulation)

Tools: GitHub, VS Code, MS Excel, PowerPoint

Concepts: Responsive Design, Local Storage, Event Handling

CERTIFICATIONS

IBM SKillsBuild – Applied Artificial Intelligence Program (2025 – 26)

DevOps Learning Track – Google Cloud Gen AI Academy

HTML – Spoken Tutorial, IIT Bombay

IBM SkillsBuild – Getting Started with Generative AI

NPTEL – Public Speaking

TCS iON Career Edge – Young Professional | 2026
